HOW TO READ THAI: NON-COLOUR VERSION

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 380 pages. Dimensions: 10.0in. x 8.0in. x 0.9in. Eight (8) simple rules stand between you and being able to read Thai! In a language where there are no spaces between words, many have asked us, where do you start, how can you start The answer to this, and all your questions are in our new book in our Quest Quick, Easy, Simple Thai system - How to Read Thai. You can imagine that not being able to identify words is probably the biggest problem faced by new readers; and, it has to be said, is the single reason why a book of this nature has never been written before. Why Because no-one has looked at the language in the same way we have. But, all you need to know are 2 things: The Thai alphabet 8 quick, easy, simple rules. On that note, this book does NOT teach you the Thai alphabet. If you dont know the Thai alphabet yet, then we would recommend either Quest volume II; or, if you prefer interactive learning with sounds, quizzes, tests, native speakers, etc. , then perhaps our PCMaciPad app The Learn Thai Alphabet Application - only available from www.learnthaialphabet.com would be better. Using these means youve already learnt our system and are familiar with exactly why we succeed. As others have said: Well, I agree that your app and those posts are like a speed-of-light catalyst in terms of teaching one the Thai script and reading it within literally two days (in my experience) which I find extraordinary. Emiliusz Smorczewski, Illinois, USA, 9th July 2013 My fears of the Thai language were overtaking me until I used this program. I have tried numerous other products and they made no...
