Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Manual for Louisiana State University Summer School, Baton Rouge The Summer Normal Schools at Baton Rouge and New Orleans, for teachers holding the equivalent of a First Grade Certificate or higher, have been established in response to a strong demand from the progressive teachers of the State for advanced courses in academic and professional work. The attendance at these schools has been most gratifying in the past, and we feel confident of an increased attendance at New Orleans (Tulane) and Baton Rouge (L. S. U.) during the summer of 1909. Although there are elementary courses in agriculture, botany, nature study and school gardens, music for all grades, manual training and drawing for all grades, and a course in kindergarten and primary methods, the work in the main is intended as training school for supervisors of music and drawing, kindergartners, teachers of science and the languages, primary teachers who wish to take courses in education, principals of agricultural schools, high school teachers, high school principals, institute instructors and superintendents The work is a departure from the popular and inspirational form of summer school in that it offers, during a period of nine weeks, solid and substantial training in academic and professional branches which may lead to degrees in the Louisiana State University, Tulane University, or to a State Certificate. Louisiana has school conditions peculiar to itself. Within the past two years there has been a marvelous development of its grammar and high schools.
