

Science for Primary and Early Years: Developing Subject Knowledge (Hardback)

By Jane Devereux

Sage Publications Ltd, United Kingdom, 2007. Hardback. Book Condition: New. 2nd Revised edition. 248 x 191 mm. Language: English . Brand New Book. Science for Primary and Early Years is a comprehensive guide to the subject knowledge requirements for the teaching of science in early years settings and primary schools. This second edition consists of activities to help the reader extend their own understanding of science. Part One explores understanding the nature of science, processes of planning, carrying out and evaluating scientific investigations, collecting and using data, hypothesizing, predicting, fair testing, use of correct terminology and understanding health and safety as well as key ideas in science that underpin subject knowledge. Part Two builds on these ideas as it explores in more detail life and living processes, the environment, electricity and magnetism, light, sound and the earth in space. This text is part of the series Developing Subject Knowledge which covers English, Mathematics and Science and provides authoritative distance learning materials on the national requirements for teaching the primary core curriculum, working with the early years and achieving qualified teacher status. It is designed for initial teacher training, experienced practitioner self-study, and will help towards GCSE revision. This is a set...

Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.
