

Science: A Discovery in Comics

By Margreet de Heer

NBM Publishing. Hardcover. Book Condition: New. Hardcover. 192 pages. Dimensions: 7.9in. x 7.9in. x 0.7in. Explaining different scientific disciplines in clear, colorful chapters, this illustrated primer is a great way to introduce young readers to a complex topic. In her easily accessible style, Margreet de Heer visualizes science and makes it approachable for those with little knowledge of the subject. Touching a number of topics in various scientific disciplines—including math, chemistry, physics, biology, geology, and quantum theory--this work ponders questions such as Who exclaimed Eureka and why? Why did Galileo get into a fight with the Church and What happens when you have your DNA tested? This humorous yet substantive graphic account strips the subject of unnecessary complexity, making it a perfect introduction to exploring scientific concepts. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
