## Collapse of Materialism: Visions of Science, Dreams of God (Paperback)

By Philip Comella

Rainbow Ridge Publishing, United States, 2014. Paperback. Book Condition: New. Reprint. 229 x 155 mm. Language: English . Brand New Book. Philip Comella, takes a fresh and bold look at the debate between science and religion and attempts to go farther than any other book to unite them. For years, we have been led to believe that the universe traces its roots back to the Big Bang, a cataclysmic explosion of ethereal energy that resulted in the formation of the planets, stars, and everything in-between. Suppose, though, that the cosmos wasn't, in fact, borne of a random eruption but rather stems from the ever-evolving imagination of a multi-dimensional dreaming mind? Such a drastically different perspective would no doubt change the way we see not only ourselves, but also our place in the infinite realm of the universe. Such is the central premise of *The Collapse of Materialism* . Probing, well written, and thoroughly researched, Comella's insightful volume serves as a treatise on the popular misconceptions that the world of science would lead us to believe about the origins and subsequent development of the universe. Comella paints the compelling picture of life as a purposeful, directed means to an...
