Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.You were born to accomplish everything you ve ever dreamed, but you may wonder why it didn t happen and where s the solution to a life of frustrations. After years programming our mind with social believes, we end up accepting destiny and becoming what others expected us to be, even though we re unhappy about it. This book intends to change that and help in recovering the ability to pursue dreams once again, by allowing an understanding on how to use specific human skills and manifest a new reality. The theory exposed is based on the believe that the true meaning of life is supported by joy and abundance, and it s when both manifest that we find our true purpose. However, for this to happen we need to recover the love for ourselves and our existence. Within the following chapters, you ll be guided in acknowledging how you ve been manipulated into poverty since a very early stage in life, the relation between your family and emotions, but also the effects of your past lives and personal auric vibrations.
